

Electrical Dry Contacts Cleaner (M200)

Spray product suitable for cleaning and maintenance of the electrical, electromagnetic and electronic contacts. It removes greasy substances and moisture from the surface.

Quantity	400 ml
Barcode	EAN 13: 8034108890234
Confection	12 pz

ELECTRICAL DRY CONTACTS CLEANER – Specifically formulated for the deep cleaning of electrical, electronic and electromagnetic contacts. It immediately removes humidity and oily substances like grease, oil, sludge, wax and glue from the surfaces, leaving it clean and degreased. The product might be corrosive to certain particularly delicate surfaces.

Technical Specifications:

Aspect	Cylinder under pressure fluid
Color	Transparent
Odour	Characteristic of solvent
Relative density	a 20°C 0,60 ÷ 0,64 g/ml
Flash point	0° C
Pressure at 20°C	4/6 bar
Steam tension	a 20°C: 250 hPa
Viscosity at 25°c	0,700 mm ² /s SIO D445 (ASTM D445)
Dry point	415°C
Observations	Flammable, not to use on tension facilities

HOW TO USE: shake the cylinder. Spray directly on surface to be treated from a distance of about 20 cm. Do not apply to equipment in tension. Do not apply to overheated materials. Apply power only after the complete evaporation of the product or dry it perfectly first.

MODALITY OF STORAGE

Before using: stock the product in a dry location and don't stock it with a temperature under 0° degrees and over 45°C, after the use, keep containers closed. In the original package, the product can be conserved for 24 months.

After the first usage: conserve in a fresh and dry location, away from hot spring. Keep out of reach of children.

Hazards identification:

H222	Extremely flammable aerosol.
H229	Pressurized container: it may burst if heated.
H319	Causes serious eye irritation.
H315	Causes skin irritation.
H411	Toxic to aquatic life with long lasting effects.

This information, even if reliable, must be considered only approximate. The usage don't imply our responsibility, included the violation of many license. Before using, the users have to verify the suitability of the product for the specific use.
